June is Men's Health Month

Purpose: To heighten the awareness of preventable health problems and encourage early detection and treatment of disease among men and boys

Want to see these stats change?

- On average, men live about 5 years less than their female counterparts
- Men have a higher death rate for most of the leading causes of death, including cancer, heart disease, diabetes and suicide
- 1 in 2 men will develop cancer in their lifetime
- Men make 1/2 as many physician visits for prevention as women

Schedule a checkup today!

Do it for yourself and for those who count on you.

America's Premier Joint Base

June is Men's Health Month

01

Eat Healthy. Start by taking small steps like saying no to super-sizing and yes to a healthy breakfast. Eat many different types of foods to get all the vitamins and minerals you need. Add at least one fruit and vegetable to every meal.

02

Get Moving. Play with your kids or grandkids. Take the stairs instead of the elevator. Do yard work. Play a sport. Keep comfortable walking shoes handy at work and in the car. Most importantly, choose activities that you enjoy to stay motivated.

03

Make Prevention a Priority. Many health conditions can be prevented or detected early with regular checkups from your healthcare provider. Regular screenings may include blood pressure, cholesterol, glucose, prostate health and more.

Aurora Housing Home Offer (s) at JBER

When applying for a home at JBER, expect the offer to include a housing assignment that takes into account:

- Home that has been vacant the longest period of time in your category
- Home that meets your qualifying bedroom count, 2, 3, 4 or 5 bedroom (when that type of home is available)
- Home that meets your qualifying rank designation by area or by home type (when that type of home is available)
 - When a home is offered outside of your qualifying category (example, 3 bedroom instead of 2 bedroom home) that means there is an overage of that home type and they have most likely been vacant the longest period of time
- ADA and/or EFMP Designation
- Key & Essential Command Designation (ascends to top of wait list)

Due to occupancy levels for some home types, incoming residents may experience more flexibility; the single offer process will remain in effect, ensuring that each service member is treated consistently

America's Premier Joint Base

Aurora Housing – Planning for a Smooth Departure

In 1Q18, 235 service members departed JB ER Housing

- The good news – to depart ~13% paid \$0, ~30% paid less than \$100, and ~57% paid less than \$500
- Some incurred charges for services, including:
 - Flooring
 - Maintenance
 - Cleaning

We need your support to ensure that every JB ER resident is aware of the expectations and opportunities

- Aurora conducts daily newcomer briefs, Monday-Friday at 3pm
- Aurora conducts pre-final move out briefs Tuesdays and Thursdays at 9am to identify concerns and provide guidance
 - The move out brief is also available at auroramilitaryhousing.com
 - Cleaning expectations outlined in Aurora handbook pages 13-17, 33-40

America's Premier Joint Base

Aurora Housing Move Out Charges 1Q18

Carpet replacement is the most common charge for departing JB ER residents and 45% of the total charges assessed in 1Q18

At move in, each JB ER resident is provided a carpet history, and advised that they are responsible for the carpet's depreciated value

- Potential replacement causes:
 - Excessive stains or spots including animal or human urine or waste
 - Holes, claw marks, rips or tears
 - Odor (i.e. cigarette smoke)

Tips & Tricks:

- Reserve a shampooer and soap for free from the Aurora U-Fix-It shops
- Recommend carpet cleaning no more than 2-3 times per year; overuse can damage carpet and pad
- Utilize rugs in high-traffic areas
- Vacuum often and spot treat stains as soon as they happen

America's Premier Joint Base

Aurora Housing U-Fix-It

What's at the U-Fix-It?

- Lime , grass seed, fertilizer and top soil
- Loan-out equipment: carpet shampooers, wheel barrows, shovels/rakes
- Furnace filters (1 for 1 exchange) – check monthly, change no less than every 90-days.
- Light Bulbs (1 for 1 exchange)
- Child safety: outlet caps, cabinet and drawer locks
- Electrical, appliance, plumbing items and MUCH MORE
