COVID-19 Testing

If you are requesting asymptomatic testing of COVID-19, please refer to the AK Department of Health and Social Services webpage to find a local testing site. Currently, testing in support of State of Alaska Health Mandate 10, dependent/retirees return to work testing, antibody testing or testing for travel purposes is not being accomplished through the medical group. We are sorry for any inconvenience this may cause.

Alternatively:

- If you are symptom free, seeking COVID testing prior to a medical procedure, please call 580-2778
- If you are symptom free but have had contact with a COVID positive person, please contact Public Health – 580-4014
- If you are an AD member looking for travel exemption, please use your chain of command
- If you are an AD member seeking testing for mission related duties, please use your chain of command or contact Public Health -- 580-4014

o Further questions? Please place t-con to team nurse.
