

Joint Pacific Alaska Range Complex Regional Special Activity Airspace Optimization Program Environmental Impact Statement

PUBLIC NOTICE

The Department of the Air Force (DAF), in cooperation with the Federal Aviation Administration (FAA), is preparing an Environmental Impact Statement (EIS) in accordance with the National Environmental Policy Act to assess the potential social, economic, and environmental impacts associated with optimization of the Joint Pacific Alaska Range Complex (JPARC). The DAF is proposing to optimize JPARC airspace by addressing:

- critical deficiencies in the size, dimensions, and attributes of Special Activity Airspace
- spatial discontinuities between adjacent Special Activity Airspace sections
- inability to perform uninterrupted flight at low altitude

JPARC is the Department of War's premier training venue in Alaska that integrates military land ranges, maritime training areas, and airspace to provide unmatched opportunities for units based in Alaska to include DAF, Army, Navy, Marine Corps, Coast Guard, and the Alaska National Guard.

The DAF is seeking your input on the preliminary alternatives or impacts and relevant information, studies or analyses. This input will be considered in the development of the Draft EIS. Comments can be submitted electronically on the website or mailed to:

JPARC Airspace EIS, c/o Stantec
501 Butler Farm Rd., Suite H
Hampton, VA 23666

Comments must be submitted or postmarked by **February 9, 2026** to ensure sufficient time for consideration in the Draft EIS.

Please visit the project website for details on the proposal and the preliminary alternatives to be addressed in the EIS: www.JPARCAirspaceEIS.com

The DAF is hosting virtual meetings to provide information and answer questions. Please visit the website to register for a meeting:

- Saturday, January 24, 2026, 10:00 am
- Monday, January 26, 2026, 6:00 pm
- Wednesday, January 28, 2026, 6:00 pm
- Thursday, January 29, 2026, 10:00 am
