

## Mandatory Reporting Guide

### Reporting Guide Instructions

This table is a quick reference guide to assist with identifying reporting requirements for service providers given certain presenting concerns. To use the table, identify the reporting requirement for each service provider by locating the point of intersection of the presenting concern column and the service provider row.

### Reporting Requirement Definitions

**Mandatory Reporter:** Must report the case to appropriate authorities as outlined in existing policies

**Confidential Reporter:** Can maintain confidentiality but does not take restricted reports

**Restricted Reporter:** Can take restricted reports and maintain confidentiality

**Note:** To ensure accurate information is provided, please connect with providers listed to maintain up-to-date knowledge on mandatory reporting requirements.
